## A-LINE PANTS

DOWNHILL APPAREL

SIZE: 28 - 40 EUR

**Rugged, lightweight and ergonomically profiled, the A-line Pants grant the rider superior riding comfort with high levels of ventilation and adjustability. The innovative design allows the fitment of protectors while maintaining a comfortable, well-fitted look.**

### A-LINE PANTS KEY FEATURES:

- Ergonomically designed for a close fit and easy integration with knee protectors.
- Lightweight and durable main fabric construction with strategically placed air mesh inserts and stretch panels.
- Strong ripstop rear panel for extra durability and abrasion resistance
- Thin, lightweight waist construction.
- Reduced lining around the waist area for enhanced riding comfort.
- Vented panels on the upper thighs and lower leg.
- Innovative two-way stretch construction on the back of the leg and knees.
- New 2-way stretch inserts at crotch enhance freedom of movement.
- Dual tabbed Velcro® waist adjustment with windowed TPR D-ring adjusters grants a precise, adjustable fit.
- Soft, lightweight TPR details.
- Discreet front zipper with snap closure ensures secure fitment.
