## MOAB GLOVE

SIZE: S - 3XL

GLOVES

Like the mountain biking mecca it takes its name from, the Moab Glove is a rugged performer that will handle anything you can throw at it. Integrated foam padding on the knuckle, fingers and wrist protect against impacts while a combination mesh/Lycra® construction is both extremely comfortable and durable.

### MOAB GLOVE KEY FEATURES:

- Lightweight and flexible chassis features a hybrid mesh/lycra construction with synthetic leather reinforcements for extra durability.
- Padded knuckle and external finger protectors grant extra security against impacts.
- Additional protection provided by shock absorbing foam located on the wrist.
- Ergonomically positioned terry cloth panel.
- Thinly layered palm reinforcement enhances durability while maintaining excellent levels of feel.
- Silicone print treatment on the fingers enhance grip.
- TPR wrist closure ensures easy, secure fitment.
