STELLA HYPERLIGHT SHORTS

SIZE: 26-34

WOMEN'S ALL MOUNTAIN APPAREL

A light, multi-material construction designed especially for a contoured female fit, Alpinestars Stella Hyperlight Shorts enhance riding comfort on short and long mountain rides. With a seamless seat area, side waist adjustments and a snap front closure these shorts offer a highly personalized and secure fit.

STELLA HYPERLIGHT SHORTS KEY FEATURES:

- Multi-panel construction incorporating an advanced poly-fabric for maximized performance and comfort.
- Specifically tailored for female fit from designs developed by Alpinestars women's product department.
- Vented open mesh inserts across thighs are stretchable to enhance airflow within the shorts.
- Elasticized rear yoke for optimal maneuverability.
- Seamless seat area constructed from an abrasion resistant textile for greater riding comfort and durability.
- Lateral side pockets include semi-auto locking zips for safe and convenient storage.
- Side waist tab adjustments and snap front closure offer secure, customized fit.
- Flat snap adjustment system allows connection of Alpinestars mesh lining.
- Soft mesh inner waist belt for improved comfort.
